

FORT BENNING NAVIGATORS UPDATE

23 November, 2011

An Army For Christ

Friends and Family,
Rejoice with us as CPT Eugene Choi heads off to Fort Polk, LA to continue making disciples of all nations (Mat 28.18-20). Eugene is a great example of what Army Navigators do. He began following Christ at Fort Lewis, WA. He then came to Fort Benning and continued his spiritual training with Jim. After a year of training, Eugene is headed to Fort Polk. Even though there is no full time Navigator at Fort Polk, Eugene's plan is to be the Navigator there, and continue his personal ministry. Eugene is a member of the Army of Christ that God is using us to train.

Rolinda, Elizabeth, and Jim during a trip to New Jersey for National Guard Training. Jim is still a Major in the Georgia Army National Guard.

Rolinda and I rejoice in the Lord that He has seen fit to use us as coaches in the lives of men like Eugene. During this last year of ministry we have operated at 81% of what the Navigators consider fully funded. Thank you to those who made it possible, by God's grace! However, we are still praying that God would use people like you to supply the last 19%. Many of you are looking for fruitful ministries that support US Soldiers like Eugene for year end giving. Would you please pray about joining us financially by making a tax deductible gift to the Navigators on our behalf. To give you can go to www.benningnavs.com and click on financial partnership or call 719-594-2327.

Rolinda and I left active duty in 2010 to become missionaries with The Navigators at Fort Benning, GA. The mission of The Navigators is to know Christ and make Him known.
